

**SAINT LOUIS UNIVERSITY  
GRADUATE DIVERSITY FELLOWSHIP**

**Length of Appointment**

The start and end dates of fellowships correspond with the University's fiscal year, which begins July 1

### **Responsibilities of Departments**

The department chair is responsible for assigning a faculty mentor to work closely with the Fellow by providing guidance and support regarding research, teaching, grant writing, and publishing.

The department is expected to complete an annual review by the assigned faculty mentor, which outlines the fellow's progress and accomplishments toward degree completion. A copy of this review will be sent to the academic affairs coordinator after completion.

### **Re-Appointment**

Graduate fellows who are performing satisfactorily in their studies and duties are eligible for annual re-appointments to the maximum time limit. Academic and professional performance and progress are measured by the following criteria:

- A grade point average of at least a 3.0 (both cumulative and over the past academic year).

- A student academic record with not more than one incomplete or missing grade.

- Annual progress reports to the academic affairs coordinator, from each fellow and faculty mentor.
