

Selection of Examining Committee Members

Department of Biology

This form is to be used to document membership on examining committees for (1) non-thesis master's students who are arranging for their final degree examination prior to graduation; and (2) doctoral students who are preparing for the Graduate Written Exam.

After consultation with the faculty members named below, I request that they be appointed to serve on my examining committee. I understand that this is subject to approval (indicated by signatures) by the proposed committee members, and the Graduate Program Director.
