

. We intentionally provide all our teacher candidates with field experiences in a variety of diverse classroom settings . These classroom settings serve Prek-12 students at a variety of grade levels, those with exceptionalities, and those from diverse ethnic, racial, gender, and socio-economic groups. These classrooms also expose teacher candidates to various school settings, such as public schools, private schools, catholic schools, urban schools, suburban schools, and/or rural schools. The diverse classroom settings throughout the programs allows our teacher candidates to develop and practice their knowledge, skills, and dispositions for working with all students. Before filling out this form, reflect on past field work experiences, then request a setting that will impact your learning!

Any questions please contact: SOE Office of Field Experiences: soefieldoffice@slu.edu
