# **BIOMEDICAL ENGINEERING** SAMPLE CURRICULUM PLANS

## EXAMPLE PLAN #1

FIRST SEMESTER	SECOND SEMESTER
BME 5410 Tissue Engineering BME 5600 Quantitative Physiology I PATH 5350 Intro to Microscopy Techniques	BME 5650 Quantitative Physiology II BME 5420 Tissue Engineering Scaffold Fabrication Techniques BME 5320 Drug Delivery

### THIRD SEMESTER

BME 54210 Human Movement Biomechanics PUBH 5040 Generating Evidence from Public Health Data

#### FOURTH SEMESTER

BME 5400 Tissue-Material Interfaces BIOL 5630 Concepts of Immunobiology

## EXAMPLE PLAN #2

FIRST SEMESTER

BME 5130 Medical Imaging PUBH 5040 Generating Evidence from Public Health Data MENG 5100 Advanced Mechanics of Solids

#### SECOND SEMESTER

BME 5210 Human Movement Biomechanics ECE 5930 Microcontrollers
